

ACTION TAKEN REPORT ON STUDENT FEEDBACK ANALYSIS-2013-14

F.Y.B.Sc. (BIOTECHNOLOGY)

Based on the report of analysis of student feedback action has been taken by the institution are as follows.

Parameter 1. Command over the medium of instructions (Language)

Action Taken: - Student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Teachers Command over the medium of instructions (Language) is very good. So all teachers are appreciated about their work.

Parameter 2. Class control

Action Taken: - Respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Teachers Class control is very good. So all teachers are appreciated about their work.

Parameter 3. General Knowledge/Awareness

Action Taken: - Student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Teachers General Knowledge/Awareness is very good. So all teachers are appreciated about their work.

Parameter 4. Regularity in taking lectures and practical

Action Taken: - Respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Regularity in taking lectures and practical is very good. So all teachers are appreciated about their work. All Teachers are advice to take extra practical in the subject of computer science and improve the scale.

Parameter 5. Skills in explaining difficult point

Action Taken: - Every difficult point in curriculum related subjects are solve by using innovative educational methods to simplify this topics then student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Skills in explaining difficult point is very good. So all teachers are appreciated about their work.

Parameter 6. General Availability /Accessibility to students

Action Taken: - Respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. General Availability /Accessibility to students is very good. So all teachers are appreciated about their work and other teacher advice and suggest to use availability and guide for accessibility to student of knowledge from different sources.

Parameter 7. Clarity in approach /thinking

Action Taken: - Student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Clarity in approach /thinking is very good. So all teachers are appreciated about their work.

Parameter 8. Attitude towards students: friendly and motivating

Action Taken: - Respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Attitude towards students: friendly and motivating is very good. Attitude towards students must be friendly and motivating and inspirable. Teachers are cherished about their work. Teachers so all teachers are appreciated about their work and students are enjoyed lectures. So not necessary to take action.

Parameter 9. Willingness to help deserving students by taking extra-lectures etc.

Action Taken: - According to this parameter every students deserve about extra lecture because all faculty are gives willingly help to motivational lectures then everybody gives good support for extra lectures respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Willingness to help deserving students by taking extra-lectures etc. is very good. So all teachers are appreciated about their work.

Parameter 10. Attitude towards the subject taught

Action Taken: - Attitude towards the subject taught respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Attitude towards the subject taught is very good. So all teachers are appreciated about their work.

Parameter 11. Usefulness in counseling: Personal matter/career /placement etc.

Action Taken: - Respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. The Usefulness in counseling is very nice in personal matter as well as in career, placement then every student satisfied about teachers work.

Parameter 12. Skills in motivating students for extracurricular activities

Action Taken: - According to this parameter each and every student actively participated in the extracurricular activities organized by the college. From the student student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Skills in motivating students for extracurricular activities is very good. So all teachers are appreciated about their work. No necessary action will be taken.

Parameter 13. Teacher Participation in organizing extra-curricular activities

Action Taken: -According to teacher Participation in organizing extra-curricular activities student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Teachers are actively participation in organizing extra-curricular activities. So all teachers are appreciated about their work.

Parameter 14 .Command over the subject

Action Taken: - Command over the subject parameter of all teachers' respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Command over the subject is good. So all teachers are appreciated about their work.

Teachers to advise to use Information Communication Tools for teaching. Also teachers are advice to attend in workshop, seminar, FDP, refresher course related their subject. Student give the good remark so no necessary to take the action.

Parameter 15. Use of case studies, illustration, current events, anecdotes in teaching

Action Taken: - Through the use of current events, teachers have an opportunity to show students how what they learn actually matters in the world today. They can open their students' minds to different perspectives and experiences while still staying on track with the curriculum. It is possible, and helps make learning relevant. Student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Use of case studies, illustration, current events, and anecdotes in teaching is very good. So all teachers are appreciated about their work.

Parameter 16. Readiness to resolve students doubt/question etc.

Action Taken: - Each and every teacher are ready to help student understand the problem, take enough time to resolve the problem resolve students doubt/question that's why student respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. So all teachers are appreciated about their work. So no necessary action to be taken

Parameter 17. Motivating to develop interest in the subject for higher studies

Action Taken: - Motivating to develop interest in the subject for higher studies Teachers are always to tell students the benefits, including financial security and prosperous career because of higher education. So Student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Motivating to develop interest in the subject for higher studies is very good efforts taken by the teachers. So all teachers are appreciated about their work. That why no necessary action will be taken.

Parameter 18. Skills in making the subject interesting

Action Taken: - Skills in making the subject interesting teacher to use audio-visual tools on particular subject to make more interest on subject also teacher make the interactive session in the time of teaching. That's why feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Skills in making the subject interesting is very good. So all teachers are appreciated about their work then statutory body are satisfied and no action will be taken.

Parameter 19. Frequency of asking short question in the class while teaching

Action Taken: - Every Teacher know the importance of the topic so they ask a question that immediately draws their attention to the importance of the topic or speaks to their needs. Students give the rating in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Frequency of asking short question in the class while teaching is very good. So all teachers are appreciated about their work. So no action will be taken.

Parameter 20. Use of interactive teaching -seminar, tutorials, quiz, assignments etc.

Action Taken: -Teacher are always engage with students in interactive teaching learning process by using innovative teaching aids, conducting seminar in latest topics. For better interaction among the students interactive brainstorming techniques should be used .Interactive brainstorming is mostly performed in group sessions. The process is useful for generating creative thoughts and ideas. Brainstorming helps students learn to work together, and above all, learn from each other. That's why Student give the feedback is in between 4.00 to 5.00 scale (i.e. Good) of all teachers. Use of interactive teaching -seminar, tutorials, quiz, assignments etc.is very good. So all teachers are appreciated about their work.

Parameter 21. Frequency of giving References for further reading

Action Taken: - College library is full filled with so many reference book and time to time student always issued book. Student give the rating is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Frequency of giving References for further reading is very good. So all teachers are appreciated about their work. That's why no necessary action will be taken.

Parameter 22. Conducting periodic tests/ questions answer session

Action Taken: - Teachers are always conducting chapter wise test for better understanding of the subject. Interactive question answer session for the students after completing the topics. That's why feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Conducting periodic tests/ questions answer session is very good. So all teachers are appreciated about their work.

Parameter 23. Practice of giving model questions at the end of topics/portion

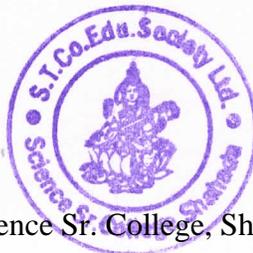

Action Taken: - Practice of giving model questions at the end of topics/portion Feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. So all teachers are appreciated about their work. No need to be action taken.

Parameter 24. Readiness to assess model answers submitted by students

Action Taken: - Students submitted their solve question paper to the teachers. Teachers access their solved question paper if any improvement in that teachers help them for better understanding. For that purpose student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. So all teachers are appreciated about their work.

Parameter 25. Training and preparing students for college /university examination

Action Taken: -Special session of expert teachers to face college universities exam is always arranged. College are always conducting the exam for better preparation of upcoming universities exam so that why student is satisfied. They give the feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers.

Training and preparing students for college /university examination is very good. So all teachers are appreciated about their work.

OVER ALL:-

After all Student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers so there is no need to improve the scale and they are advised to maintain the scale. The only suggestion is that use of ICT tools is better understanding concept, use online information resources, and also use library reference books for the students. The teacher should attend the faculty development program, workshop and seminar in particular subject. Teachers are advised to pursue the Ph.D.in relevant subject. Make an arrangement of expert lecture series on various subjects for the enhancing the student knowledge.

ACTION TAKEN REPORT ON STUDENT FEEDBACK ANALYSIS-2013-14

F.Y.B.Sc. (Computer Science)

Based on the report of analysis of student feedback action has been taken by the institution are as follows.

Parameter 1.Command over the medium of instructions (Language)

Action Taken: - Student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Teachers Command over the medium of instructions (Language) is very good. So all teachers are appreciated about their work.

Parameter 2.Class control

Action Taken: - Respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Teachers Class control is very good. So all teachers are appreciated about their work.

Parameter 3.General Knowledge/Awareness

Action Taken: - The Action taken of F.Y.Bsc. Computer Science student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Teachers General Knowledge/Awareness is very good. So all teachers are appreciated about their work.

Parameter 4. Regularity in taking lectures and practical

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Regularity in taking lectures and practical is good. So all teachers are appreciated about their work. All Teachers are advice to take extra practical in the subject of computer science and improve the scale.

Parameter 5. Skills in explaining difficult point

Action Taken: - Every difficult point in curriculum related subjects are solve by using innovative educational methods to simplify this topics then student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Skills in explaining difficult point is good. So all teachers are appreciated about their work.

Parameter 6. General Availability / Accessibility to students

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. General Availability / Accessibility to students is good. So all teachers are appreciated about their work and other teacher advice and suggest to use availability and guide for accessibility to student of knowledge from different sources.

Parameter 7. Clarity in approach /thinking

Action Taken: - Student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Clarity in approach /thinking is good. So all teachers are appreciated about their work.

Parameter 8. Attitude towards students: friendly and motivating

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Attitude towards students: friendly and motivating is good. Attitude towards students must be friendly and motivating and inspirable. Teachers are cherished about their work. Teachers so all teachers are appreciated about their work and students are enjoyed lectures. So not necessary to take action.

Parameter 9. Willingness to help deserving students by taking extra-lectures etc.

Action Taken: - According to this parameter every students deserve about extra lecture because all faculty are gives willingly help to motivational lectures then everybody gives good support for extra lectures respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Willingness to help deserving students by taking extra-lectures etc. is good. So all teachers are appreciated about their work.

Parameter 10. Attitude towards the subject taught

Action Taken: - Attitude towards the subject taught respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Attitude towards the subject taught is good. So all teachers are appreciated about their work.

ACTION TAKEN REPORT ON STUDENT FEEDBACK ANALYSIS-2013-14

S.Y.B.Sc. (BIOTECHNOLOGY)

Based on the report of analysis of student feedback action has been taken by the institution are as follows.

Parameter 1.Command over the medium of instructions (Language)

Action Taken: - Student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Teachers Command over the medium of instructions (Language) is very good. So all teachers are appreciated about their work.

Parameter 2.Class control

Action Taken: - Respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Teachers Class control is very good. So all teachers are appreciated about their work.

Parameter 3.General Knowledge/Awareness

Action Taken: - Student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Teachers General Knowledge/Awareness is very good. So all teachers are appreciated about their work.

Parameter 4. Regularity in taking lectures and practical

Action Taken: - Respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Regularity in taking lectures and practical is very good. So all teachers are appreciated about their work. All Teachers are advice to take extra practical in the subject of computer science and improve the scale.

Parameter 5. Skills in explaining difficult point

Action Taken: - Every difficult point in curriculum related subjects are solve by using innovative educational methods to simplify this topics then student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Skills in explaining difficult point is very good. So all teachers are appreciated about their work.

Parameter 6. General Availability / Accessibility to students

Action Taken: - Respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. General Availability / Accessibility to students is very good. So all teachers are appreciated about their work and other teacher advice and suggest to use availability and guide for accessibility to student of knowledge from different sources.

Parameter 7. Clarity in approach /thinking

Action Taken: - Student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Clarity in approach /thinking is very good. So all teachers are appreciated about their work.

Parameter 8. Attitude towards students: friendly and motivating

Action Taken: - Respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Attitude towards students: friendly and motivating is very good. Attitude towards students must be friendly and motivating and inspirable. Teachers are cherished about their work. Teachers so all teachers are appreciated about their work and students are enjoyed lectures. So not necessary to take action.

Parameter 9. Willingness to help deserving students by taking extra-lectures etc.

Action Taken: - According to this parameter every students deserve about extra lecture because all faculty are gives willingly help to motivational lectures then everybody gives good support for extra lectures respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Willingness to help deserving students by taking extra-lectures etc. is very good. So all teachers are appreciated about their work.

Parameter 10. Attitude towards the subject taught

Action Taken: - Attitude towards the subject taught respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Attitude towards the subject taught is very good. So all teachers are appreciated about their work.

Parameter 11. Usefulness in counseling: Personal matter/carrier /placement etc.

Action Taken: - Respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. The Usefulness in counseling is very nice in personal matter as well as in carrier, placement then every student satisfied about teachers work.

Parameter 12. Skills in motivating students for extracurricular activities

Action Taken: - According to this parameter each and every student actively participated in the extracurricular activities organized by the college. From the student student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Skills in motivating students for extracurricular activities is very good. So all teachers are appreciated about their work. No necessary action will be taken.

Parameter 13. Teacher Participation in organizing extra-curricular activities

Action Taken: -According to teacher Participation in organizing extra-curricular activities student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Teachers are actively participation in organizing extra-curricular activities. So all teachers are appreciated about their work.

Parameter 14 .Command over the subject

Action Taken: - Command over the subject parameter of all teachers' respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Command over the subject is very good. So all teachers are appreciated about their work.

Teachers to advise to use Information Communication Tools for teaching. Also teachers are advice to attend in workshop, seminar, FDP, refresher course related their subject. Student give the good remark so no necessary to take the action.

Parameter 15. Use of case studies, illustration, current events, anecdotes in teaching

Action Taken: - Through the use of current events, teachers have an opportunity to show students how what they learn actually matters in the world today. They can open their students' minds to different perspectives and experiences while still staying on track with the curriculum. It is possible, and helps make learning relevant. Student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Use of case studies, illustration, current events, and anecdotes in teaching is good. So all teachers are appreciated about their work.

Parameter 16. Readiness to resolve students doubt/question etc.

Action Taken: - Each and every teacher are ready to help student understand the problem, take enough time to resolve the problem resolve students doubt/question that's why student respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. So all teachers are appreciated about their work. So no necessary action to be taken

Parameter 17. Motivating to develop interest in the subject for higher studies

Action Taken: - Motivating to develop interest in the subject for higher studies Teachers are always to tell students the benefits, including financial security and prosperous career because of higher education. So Student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Motivating to develop interest in the subject for higher studies is very good efforts taken by the teachers. So all teachers are appreciated about their work. That why no necessary action will be taken.

Parameter 18. Skills in making the subject interesting

Action Taken: - Skills in making the subject interesting teacher to use audio-visual tools on particular subject to make more interest on subject also teacher make the interactive session in the time of teaching. That's why feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Skills in making the subject interesting is very good. So all teachers are appreciated about their work then statutory body are satisfied and no action will be taken.

Parameter 19. Frequency of asking short question in the class while teaching

Action Taken: - Every Teacher know the importance of the topic so they ask a question that immediately draws their attention to the importance of the topic or speaks to their needs. Students give the rating in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Frequency of asking short question in the class while teaching is very good. So all teachers are appreciated about their work. So no action will be taken.

Parameter 20. Use of interactive teaching -seminar, tutorials, quiz, assignments etc.

Action Taken: -Teacher are always engage with students in interactive teaching learning process by using innovative teaching aids, conducting seminar in latest topics. For better interaction among the students interactive brainstorming techniques should be used .Interactive brainstorming is mostly performed in group sessions. The process is useful for generating creative thoughts and ideas. Brainstorming helps students learn to work together, and above all, learn from each other. That's why Student give the feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Use of interactive teaching -seminar, tutorials, quiz, assignments etc.is very good. So all teachers are appreciated about their work.

Parameter 21. Frequency of giving References for further reading

Action Taken: - College library is full filled with so many reference book and time to time student always issued book. Student give the rating is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Frequency of giving References for further reading is very good. So all teachers are appreciated about their work. That's why no necessary action will be taken.

Parameter 22. Conducting periodic tests/ questions answer session

Action Taken: - Teachers are always conducting chapter wise test for better understanding of the subject. Interactive question answer session for the students after completing the topics. That's why feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Conducting periodic tests/ questions answer session is very good. So all teachers are appreciated about their work.

Parameter 23. Practice of giving model questions at the end of topics/portion

Action Taken: - Practice of giving model questions at the end of topics/portion Feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. So all teachers are appreciated about their work. No need to be action taken.

Parameter 24. Readiness to assess model answers submitted by students

Action Taken: - Students submitted their solve question paper to the teachers. Teachers access their solved question paper if any improvement in that teachers help them for better understanding. For that purpose student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. So all teachers are appreciated about their work.

Parameter 25. Training and preparing students for college /university examination

Action Taken: -Special session of expert teachers to face college universities exam is always arranged. College are always conducting the exam for better preparation of upcoming universities exam so that why student is satisfied. They

give the feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Training and preparing students for college /university examination is very good. So all teachers are appreciated about their work.

OVER ALL:-

After all Student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers so there is no need to improve the scale and they are advised to maintain the scale. The only suggestion is that use of ICT tools is better understanding concept, use online information resources, and also use library reference books for the students. The teacher should attend the faculty development program, workshop and seminar in particular subject. Teachers are advised to pursue the Ph.D.in relevant subject. Make an arrangement of expert lecture series on various subjects for the enhancing the student knowledge.

ACTION TAKEN REPORT ON STUDENT FEEDBACK ANALYSIS-2013-14

S.Y.B.Sc. (Computer Science)

Based on the report of analysis of student feedback action has been taken by the institution are as follows.

Parameter 1.Command over the medium of instructions (Language)

Action Taken: - Student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Teachers Command over the medium of instructions (Language) is good. So all teachers are appreciated about their work.

Parameter 2.Class control

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Teachers Class control is very good. So all teachers are appreciated about their work.

Parameter 3.General Knowledge/Awareness

Action Taken: - The Action taken of student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Teachers General Knowledge/Awareness is good. So all teachers are appreciated about their work.

Parameter 4. Regularity in taking lectures and practical

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Regularity in taking lectures and practical is good. So all teachers are appreciated about their work. All Teachers are advice to take extra practical in the subject of computer science and improve the scale.

Parameter 5. Skills in explaining difficult point

Action Taken: - Every difficult point in curriculum related subjects are solve by using innovative educational methods to simplify this topics then student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Skills in explaining difficult point is good. So all teachers are appreciated about their work.

IQAC- Co- Ordinator

Parameter 6. General Availability /Accessibility to students

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. General Availability /Accessibility to students is good. So all teachers are appreciated about their work and other teacher advice and suggest to use availability and guide for accessibility to student of knowledge from different sources.

Parameter 7. Clarity in approach /thinking

Action Taken: - Student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Clarity in approach /thinking is good. So all teachers are appreciated about their work.

Parameter 8. Attitude towards students: friendly and motivating

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Attitude towards students: friendly and motivating is good. Attitude towards students must be friendly and motivating and inspirable. Teachers are cherished about their work. Teachers so all teachers are appreciated about their work and students are enjoyed lectures. So not necessary to take action.

Parameter 9. Willingness to help deserving students by taking extra-lectures etc.

Action Taken: - According to this parameter every students deserve about extra lecture because all faculty are gives willingly help to motivational lectures then everybody gives good support for extra lectures respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Willingness to help deserving students by taking extra-lectures etc. is good. So all teachers are appreciated about their work.

Parameter 10. Attitude towards the subject taught

Action Taken: - Attitude towards the subject taught respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Attitude towards the subject taught is good. So all teachers are appreciated about their work.

Parameter 11. Usefulness in counseling: Personal matter/carrier /placement etc.

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. The Usefulness in counseling is very nice in personal matter as well as in carrier, placement then every student satisfied about teachers work.

Parameter 12. Skills in motivating students for extracurricular activities

Action Taken: - According to this parameter each and every student actively participated in the extracurricular activities organized by the college. From the student student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Skills in motivating students for extracurricular activities is good. So all teachers are appreciated about their work. No necessary action will be taken.

Parameter 13. Teacher Participation in organizing extra-curricular activities

Action Taken: -According to teacher Participation in organizing extra-curricular activities student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Teachers are actively participation in organizing extra-curricular activities. So all teachers are appreciated about their work.

Parameter 14 .Command over the subject

Action Taken: - Command over the subject parameter of all teachers respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Command over the subject is good. So all teachers are appreciated about their work.

Teachers to advise to use Information Communication Tools for teaching. Also teachers are advice to attend in workshop, seminar, FDP, refresher course related their subject. Student give the good remark so no necessary to take the action.

Parameter 15. Use of case studies, illustration, current events, anecdotes in teaching

Action Taken: - Through the use of current events, teachers have an opportunity to show students how what they learn actually matters in the world today. They can open their students' minds to different perspectives and experiences while still staying on track with the curriculum. It is possible, and helps make learning relevant. Student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Use of case studies, illustration, current events, and anecdotes in teaching is good. So all teachers are appreciated about their work.

Parameter 16. Readiness to resolve students doubt/question etc.

Action Taken: - Each and every teacher are ready to help student understand the problem, take enough time to resolve the problem resolve students doubt/question that's why student respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. So all teachers are appreciated about their work. So no necessary action to be taken

Parameter 17. Motivating to develop interest in the subject for higher studies

Action Taken: - Motivating to develop interest in the subject for higher studies Teachers are always to tell students the benefits, including financial security and prosperous career because of higher education. So Student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Motivating to develop interest in the subject for higher studies is good efforts taken by the teachers. So all teachers are appreciated about their work. That why no necessary action will be taken.

Parameter 15. Use of case studies, illustration, current events, anecdotes in teaching

Action Taken: - Through the use of current events, teachers have an opportunity to show students how what they learn actually matters in the world today. They can open their students' minds to different perspectives and experiences while still staying on track with the curriculum. It is possible, and helps make learning relevant. Student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Use of case studies, illustration, current events, and anecdotes in teaching is good. So all teachers are appreciated about their work.

Parameter 16. Readiness to resolve students doubt/question etc.

Action Taken: - Each and every teacher are ready to help student understand the problem, take enough time to resolve the problem resolve students doubt/question that's why student respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. So all teachers are appreciated about their work. So no necessary action to be taken

Parameter 17. Motivating to develop interest in the subject for higher studies

Action Taken: - Motivating to develop interest in the subject for higher studies Teachers are always to tell students the benefits, including financial security and prosperous career because of higher education. So Student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Motivating to develop interest in the subject for higher studies is good efforts taken by the teachers. So all teachers are appreciated about their work. That why no necessary action will be taken.

Parameter 18. Skills in making the subject interesting

Action Taken: - Skills in making the subject interesting teacher to use audio-visual tools on particular subject to make more interest on subject also teacher make the interactive session in the time of teaching. That's why feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Skills in making the subject interesting is good. So all teachers are appreciated about their work then statutory body are satisfied and no action will be taken.

Parameter 19. Frequency of asking short question in the class while teaching

Action Taken: - Every Teacher know the importance of the topic so they ask a question that immediately draws their attention to the importance of the topic or speaks to their needs. Students give the rating in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Frequency of asking short question in the class while teaching is good. So all teachers are appreciated about their work. So no action will be taken.

Parameter 20. Use of interactive teaching -seminar, tutorials, quiz, assignments etc.

Action Taken: -Teacher are always engage with students in interactive teaching learning process by using innovative teaching aids, conducting seminar in latest topics. For better interaction among the students interactive brainstorming techniques should be used .Interactive brainstorming is mostly performed in group sessions. The process is useful for generating creative thoughts and ideas. Brainstorming helps students learn to work together, and above all, learn from each other. That's why Student give the feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Use of interactive teaching -seminar, tutorials, quiz, assignments etc.is good. So all teachers are appreciated about their work.

Parameter 21. Frequency of giving References for further reading

Action Taken: - College library is full filled with so many reference book and time to time student always issued book. Student give the rating is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Frequency of giving References for further reading is good. So all teachers are appreciated about their work. That's why no necessary action will be taken.

Parameter 22. Conducting periodic tests/ questions answer session

Action Taken: - Teachers are always conducting chapter wise test for better understanding of the subject. Interactive question answer session for the students after completing the topics. That's why feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Conducting periodic tests/ questions answer session is good. So all teachers are appreciated about their work.

Parameter 23. Practice of giving model questions at the end of topics/portion

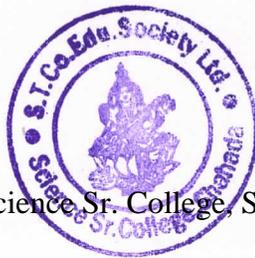

Action Taken: - Practice of giving model questions at the end of topics/portion Feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. So all teachers are appreciated about their work. No need to be action taken.

Parameter 24. Readiness to assess model answers submitted by students

Action Taken: - Students submitted their solve question paper to the teachers. Teachers access their solved question paper if any improvement in that teachers help them for better understanding. For that purpose student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. So all teachers are appreciated about their work.

Parameter 25. Training and preparing students for college /university examination

Action Taken: -Special session of expert teachers to face college universities exam is always arranged. College are always conducting the exam for better preparation of upcoming universities exam so that why student is satisfied. They give the feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Training and preparing students for college /university examination is good. So all teachers are appreciated about their work.

OVER ALL:-

After all Student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers so there is no need to improve the scale and they are advised to maintain the scale. The only suggestion is that use of ICT tools is better understanding concept, use online information resources, and also use library reference books for the students. The teacher should attend the faculty development program, workshop and seminar in particular subject. Teachers are advised to pursue the Ph.D.in relevant subject. Make an arrangement of expert lecture series on various subjects for the enhancing the student knowledge.

ACTION TAKEN REPORT ON STUDENT FEEDBACK ANALYSIS-2013-14

T.Y.B.Sc. (BIOTECHNOLOGY)

Based on the report of analysis of student feedback action has been taken by the institution are as follows.

Parameter 1.Command over the medium of instructions (Language)

Action Taken: - Student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Teachers Command over the medium of instructions (Language) is very good. So all teachers are appreciated about their work.

Parameter 2.Class control

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Teachers Class control is good. So all teachers are appreciated about their work.

Parameter 3.General Knowledge/Awareness

Action Taken: - Student's respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Teachers General Knowledge/Awareness is very good. So all teachers are appreciated about their work.

Parameter 4. Regularity in taking lectures and practical

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Regularity in taking lectures and practical is good. So all teachers are appreciated about their work. All Teachers are advice to take extra practical in the subject of computer science and improve the scale.

Parameter 5. Skills in explaining difficult point

Action Taken: - Every difficult point in curriculum related subjects are solve by using innovative educational methods to simplify this topics then student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Skills in explaining difficult point is good. So all teachers are appreciated about their work.

Parameter 6. General Availability / Accessibility to students

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. General Availability / Accessibility to students is good. So all teachers are appreciated about their work and other teacher advice and suggest to use availability and guide for accessibility to student of knowledge from different sources.

Parameter 7. Clarity in approach /thinking

Action Taken: - Student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Clarity in approach /thinking is good. So all teachers are appreciated about their work.

Parameter 8. Attitude towards students: friendly and motivating

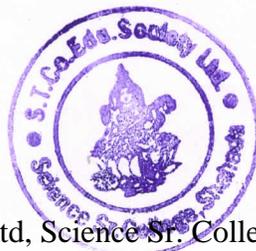

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Attitude towards students: friendly and motivating is good. Attitude towards students must be friendly and motivating and inspirable. Teachers are cherished about their work. Teachers so all teachers are appreciated about their work and students are enjoyed lectures. So not necessary to take action.

Parameter 9. Willingness to help deserving students by taking extra-lectures etc.

Action Taken: - According to this parameter every students deserve about extra lecture because all faculty are gives willingly help to motivational lectures then everybody gives good support for extra lectures respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Willingness to help deserving students by taking extra-lectures etc. is good. So all teachers are appreciated about their work.

Parameter 10. Attitude towards the subject taught

Action Taken: - Attitude towards the subject taught respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Attitude towards the subject taught is good. So all teachers are appreciated about their work.

Parameter 11. Usefulness in counseling: Personal matter/career /placement etc.

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. The Usefulness in counseling is very nice in personal matter as well as in career, placement then every student satisfied about teachers work.

Parameter 12. Skills in motivating students for extracurricular activities

Action Taken: - According to this parameter each and every student actively participated in the extracurricular activities organized by the college. From the student student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Skills in motivating students for extracurricular activities is good. So all teachers are appreciated about their work. No necessary action will be taken.

Parameter 13. Teacher Participation in organizing extra-curricular activities

Action Taken: - According to teacher Participation in organizing extra-curricular activities student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Teachers are actively participation in organizing extra-curricular activities. So all teachers are appreciated about their work.

Parameter 14 .Command over the subject

Action Taken: - Command over the subject parameter of all teachers' respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Command over the subject is very good. So all teachers are appreciated about their work.

Teachers to advise to use Information Communication Tools for teaching. Also teachers are advice to attend in workshop, seminar, FDP, refresher course related their subject. Student give the good remark so no necessary to take the action.

Parameter 15. Use of case studies, illustration, current events, anecdotes in teaching

Action Taken: - Through the use of current events, teachers have an opportunity to show students how what they learn actually matters in the world today. They can open their students' minds to different perspectives and experiences while still staying on track with the curriculum. It is possible, and helps make learning relevant. Student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Use of case studies, illustration, current events, and anecdotes in teaching is good. So all teachers are appreciated about their work.

Parameter 16. Readiness to resolve students doubt/question etc.

Action Taken: - Each and every teacher are ready to help student understand the problem, take enough time to resolve the problem resolve students doubt/question that's why student respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. So all teachers are appreciated about their work. So no necessary action to be taken

Parameter 17. Motivating to develop interest in the subject for higher studies

Action Taken: - Motivating to develop interest in the subject for higher studies Teachers are always to tell students the benefits, including financial security and prosperous career because of higher education. So Student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Motivating to develop interest in the subject for higher studies is good efforts taken by the teachers. So all teachers are appreciated about their work. That why no necessary action will be taken.

Parameter 18. Skills in making the subject interesting

Action Taken: - Skills in making the subject interesting teacher to use audio-visual tools on particular subject to make more interest on subject also teacher make the interactive session in the time of teaching. That's why feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Skills in making the subject interesting is good. So all teachers are appreciated about their work then statutory body are satisfied and no action will be taken.

Parameter 19. Frequency of asking short question in the class while teaching

Action Taken: - Every Teacher know the importance of the topic so they ask a question that immediately draws their attention to the importance of the topic or speaks to their needs. Students give the rating in between 3.00 to 4.00 scale (i.e. Very Good) of all teachers. Frequency of asking short question in the class while teaching is good. So all teachers are appreciated about their work. So no action will be taken.

Parameter 20. Use of interactive teaching -seminar, tutorials, quiz, assignments etc.

Action Taken: -Teacher are always engage with students in interactive teaching learning process by using innovative teaching aids, conducting seminar in latest topics. For better interaction among the students interactive brainstorming techniques should be used .Interactive brainstorming is mostly performed in group sessions. The process is useful for generating creative thoughts and ideas. Brainstorming helps students learn to work together, and above all, learn from each other. That's why Student give the feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Use of interactive teaching -seminar, tutorials, quiz, assignments etc.is good. So all teachers are appreciated about their work.

Parameter 21. Frequency of giving References for further reading

Action Taken: - College library is full filled with so many reference book and time to time student always issued book. Student give the rating is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Frequency of giving References for further reading is good. So all teachers are appreciated about their work. That's why no necessary action will be taken.

Parameter 22. Conducting periodic tests/ questions answer session

Action Taken: - Teachers are always conducting chapter wise test for better understanding of the subject. Interactive question answer session for the students after completing the topics. That's why feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Conducting periodic tests/ questions answer session is good. So all teachers are appreciated about their work.

Parameter 23. Practice of giving model questions at the end of topics/portion

Action Taken: - Practice of giving model questions at the end of topics/portion Feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. So all teachers are appreciated about their work. No need to be action taken.

Parameter 24. Readiness to assess model answers submitted by students

Action Taken: - Students submitted their solve question paper to the teachers. Teachers access their solved question paper if any improvement in that teachers help them for better understanding. For that purpose student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. So all teachers are appreciated about their work.

Parameter 25. Training and preparing students for college /university examination

Action Taken: -Special session of expert teachers to face college universities exam is always arranged. College are always conducting the exam for better preparation of upcoming universities exam so that why student is satisfied. They give the feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers.

Training and preparing students for college /university examination is good. So all teachers are appreciated about their work.

OVER ALL:-

After all Student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers so there is no need to improve the scale and they are advised to maintain the scale. ACTION TAKEN REPORT ON STUDENT FEEDBACK ANALYSIS-2013-14

T.Y.B.Sc. (Computer Science)

Based on the report of analysis of student feedback action has been taken by the institution are as follows.

Parameter 1.Command over the medium of instructions (Language)

Action Taken: - Student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Teachers Command over the medium of instructions (Language) is good. So all teachers are appreciated about their work.

Parameter 2.Class control

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Teachers Class control is very good. So all teachers are appreciated about their work.

Parameter 3.General Knowledge/Awareness

Action Taken: - The Action taken student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Teachers General Knowledge/Awareness is good. So all teachers are appreciated about their work.

Parameter 4. Regularity in taking lectures and practical

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Regularity in taking lectures and practical is good. So all teachers are appreciated about their work. All Teachers are advice to take extra practical in the subject of computer science and improve the scale.

Parameter 5. Skills in explaining difficult point

Action Taken: - Every difficult point in curriculum related subjects are solve by using innovative educational methods to simplify this topics then student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Skills in explaining difficult point is good. So all teachers are appreciated about their work.

IQAC - Co-Ordinator

1

Parameter 6. General Availability /Accessibility to students

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. General Availability /Accessibility to students is good. So all teachers are appreciated about their work and other teacher advice and suggest to use availability and guide for accessibility to student of knowledge from different sources.

Parameter 7. Clarity in approach /thinking

Action Taken: - Student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Clarity in approach /thinking is good. So all teachers are appreciated about their work.

Parameter 8. Attitude towards students: friendly and motivating

Action Taken: - Respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Attitude towards students: friendly and motivating is very good. Attitude towards students must be friendly and motivating and inspirable. Teachers are cherished about their work. Teachers so all teachers are appreciated about their work and students are enjoyed lectures. So not necessary to take action.

Parameter 9. Willingness to help deserving students by taking extra-lectures etc.

Action Taken: - According to this parameter every students deserve about extra lecture because all faculty are gives willingly help to motivational lectures then everybody gives good support for extra lectures respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Willingness to help deserving students by taking extra-lectures etc. is good. So all teachers are appreciated about their work.

Parameter 10. Attitude towards the subject taught

Action Taken: - Attitude towards the subject taught respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Attitude towards the subject taught is very good. So all teachers are appreciated about their work.

Parameter 11. Usefulness in counseling: Personal matter/carrier /placement etc.

Action Taken: - Respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. The Usefulness in counseling is very nice in personal matter as well as in carrier, placement then every student satisfied about teachers work.

Parameter 12. Skills in motivating students for extracurricular activities

Action Taken: - According to this parameter each and every student actively participated in the extracurricular activities organized by the college. From the student student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Skills in motivating students for extracurricular activities is good. So all teachers are appreciated about their work. No necessary action will be taken.

Parameter 13. Teacher Participation in organizing extra-curricular activities

Action Taken: -According to teacher Participation in organizing extra-curricular activities student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Teachers are actively participation in organizing extra-curricular activities. So all teachers are appreciated about their work.

Parameter 14 .Command over the subject

Action Taken: - Command over the subject parameter of all teachers' respondent feedback is in between 4.00 to 5.00 scale (i.e. Very Good) of all teachers. Command over the subject is very good. So all teachers are appreciated about their work.

Teachers to advise to use Information Communication Tools for teaching. Also teachers are advice to attend in workshop, seminar, FDP, refresher course related their subject. Student give the good remark so no necessary to take the action.

Parameter 15. Use of case studies, illustration, current events, anecdotes in teaching

Action Taken: - Through the use of current events, teachers have an opportunity to show students how what they learn actually matters in the world today. They can open their students' minds to different perspectives and experiences while still staying on track with the curriculum. It is possible, and helps make learning relevant. Student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Use of case studies, illustration, current events, and anecdotes in teaching is good. So all teachers are appreciated about their work.

Parameter 16. Readiness to resolve students doubt/question etc.

Action Taken: - Each and every teacher are ready to help student understand the problem, take enough time to resolve the problem resolve students doubt/question that's why student respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. So all teachers are appreciated about their work. So no necessary action to be taken

Parameter 17. Motivating to develop interest in the subject for higher studies

Action Taken: - Motivating to develop interest in the subject for higher studies Teachers are always to tell students the benefits, including financial security and prosperous career because of higher education. So Student's respondent feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Motivating to develop interest in the subject for higher studies is good efforts taken by the teachers. So all teachers are appreciated about their work. That why no necessary action will be taken.

Parameter 18. Skills in making the subject interesting

Action Taken: - Skills in making the subject interesting teacher to use audio-visual tools on particular subject to make more interest on subject also teacher make the interactive session in the time of teaching. That's why feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Skills in making the subject interesting is good. So all teachers are appreciated about their work then statutory body are satisfied and no action will be taken.

Parameter 19. Frequency of asking short question in the class while teaching

Action Taken: - Every Teacher know the importance of the topic so they ask a question that immediately draws their attention to the importance of the topic or speaks to their needs. Students give the rating in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Frequency of asking short question in the class while teaching is good. So all teachers are appreciated about their work. So no action will be taken.

Parameter 20. Use of interactive teaching -seminar, tutorials, quiz, assignments etc.

Action Taken: -Teacher are always engage with students in interactive teaching learning process by using innovative teaching aids, conducting seminar in latest topics. For better interaction among the students interactive brainstorming techniques should be used .Interactive brainstorming is mostly performed in group sessions. The process is useful for generating creative thoughts and ideas. Brainstorming helps students learn to work together, and above all, learn from each other. That's why Student give the feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Use of interactive teaching -seminar, tutorials, quiz, assignments etc.is good. So all teachers are appreciated about their work.

Parameter 21. Frequency of giving References for further reading

Action Taken: - College library is full filled with so many reference book and time to time student always issued book. Student give the rating is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Frequency of giving References for further reading is good. So all teachers are appreciated about their work. That's why no necessary action will be taken.

Parameter 22. Conducting periodic tests/ questions answer session

Action Taken: - Teachers are always conducting chapter wise test for better understanding of the subject. Interactive question answer session for the students after completing the topics. That's why feedback is in between 3.00 to 4.00 scale (i.e. Good) of all teachers. Conducting periodic tests/ questions answer session is good. So all teachers are appreciated about their work.
