Action taken report on Student Feedback

Academic report: 2015-16

F.Y. B.Sc. Biotech 2015-16

Parameter 1: Knowledge base of teacher(as provided by you)

Action taken: F.Y. B.Sc. Biotech student response for the "The Knowledge base of teachers" for all the teachers for all courses shows the scale between 3 to 4 i.e the response is very good for all the teachers except Asst.Prof. Savita B. Patil, the scale is between 2 to 3 and the action taken committee suggest her to increase the knowledge base while all the teachers are appreciated for their knowledge base.

Parameter 2: Communication skills

Action taken: The average response of students of F.Y. B.Sc. biotech for all the subject is between the scale 2 to 3 which shows the response is good. The scale response of Asst.Prof. Kishor S. Patel and Asst.Prof.Sachin P. Patil is 2.75 and 2.78 respectively both teachers are specially informed by action taken committee to improve their communication skills so that it will be very good also the remaning one told to work on communication skill that it will be very good.

Parameter 3: Sincerity / commitment of the teacher

Action taken: The average scale of this parameter for all subject teachers teaching F.Y. B.Sc. biotech is in between 2 to 3 (Good response). Asst.Prof. Dr. D.M.Gawande and Asst.Prof. Lalita patil the scale ranges between 3 to 4 which respond very good action taken committee appreciate their Sincerity and the remaining teachers are told to be more sincere and honest.

Parameter 4: Interest generated by the teacher

Action taken: The average scale of all the teachers of F.Y.B.Sc. shows the point scale between 2 to 3 which respond good, Asst. Prof. Kishor Patel has the lowest scale action taken committee advised him to use the teaching aids so that more interest of student will be generated Also the remaining are same advised.

Parameter 5: Ability to generate course material with environment/ other issues to provide a broader perspective.

Action taken: The average scale of all the teachers teaching F.Y.B.Sc. biotech ranges between 2 to 3 which respond for good. It means all the teachers has the ability to generate course material but no teacher has the scale between 3 to 4 i.e. very good. So action taken committee advise to all the teachers that they should work hard and enhance the use of course material.

Parameter 6: Ability to integrate content with other courses

Action taken: The average scale of all the teachers of F.Y.B.Sc. biotech shows the scale between 2 to 3 which denotes the average response is good for this parameter. Asst. prof. Savita Patil has scale between 3 to 4 which indicate that teacher has very good ability to integrate content with other courses which is appreciated by the committee and the reaming teachers are advice to integrate the content with other courses.

Parameter 7: Accessibility of teacher in and out of the class

Action taken: The student respond for all subjects and all the teachers of F.Y.B.Sc. biotech has the average scale is between 2 to 3 which is responded as good action taken committee told them to increase their accessibility and to increase their communication with the students in and out of the class.

Parameter 8: Ability to design quizzes/tests/assignments/examination and projects to evaluate students understanding of the course.

Action taken: The average scale of all the teachers with all the course is between 2 to 3 which is respond as good. Asst. prof. Savita patil, Dr.D.M.Gawande and Dr. Sandeep Marathe have very good response, their ability to design quizzes / test/ exam is very good and be appreciated by the committe while other teachers are scaled between 2 to 3 which is good but not very good so these four teachers are advised by the action taken committee to increase their ability to design the test /assignments etc.

Parameter 9: Provision of sufficient time for feedback

Action taken: The average scale of Student of F.Y.B.Sc. biotech responded feedback for all the teachers and courses is between 2 to 3 which is good. Asst. prof. Kishor Patel has the lowest one (2.21) Action taken committee advise him to give sufficient time for feedback.

Parameter 10: Overall rating

Action taken: The average for overall rating of all the teachers of F.Y.B.Sc. biotech with all the courses has scale between 2 to 3 which respond as good. Asst. prof. Kishor patel and Asst. prof. Sachin Patil has lowest scale for the overall parameter which is seriously noticed by action taken committee and informed them to take some efforts so that overall rating will be appriceated.

F.Y. B.Sc.Computer 2015-16

Parameter 1: Knowledge base of teacher(as provided by you)

Action taken: F.Y. B.Sc. computer student's response for the "The Knowledge base of teachers" for all the courses shows the scale between 2 to 3 i.e the response is good for all the teachers. The knowledge base of Asst. prof. Naina Kulkarni teaching electronics is satisfactory (1.5to2) which is seriously notice by Action taken committee and advise her to increase depth of knowledge

Parameter 2: Communication skills

Action taken: The average response of students of F.Y. B.Sc. computer for all the subject teachers is between the scale 2 to 3 which shows the response is good. All the teachers of F.Y. B.Sc. computer have good communication skills but there is need to develop their communication skills and they are advised by the action taken committee to do better.

Parameter 3: Sincerity / commitment of the teacher

Action taken: The average scale of this parameter for all subject teachers teaching F.Y. B.Sc. computer is in between 2 to 3 (Good response). All the teachers of F.Y. B.Sc. computer have scale between 2 to 3 i.e. good. All the teachers are advice by the committee to be more sincere and honest about their work and promises.

Parameter 4: Interest generated by the teacher

Action taken: The average scale of this parameter for all subject teachers teaching F.Y. b.Sc. computer is in between 2 to 3 (Good response). All the are advice by committee to use the teaching aids so that more interest of student will be generated.

Parameter 5: Ability to generate course material with environment/ other issues to provide a broader perspective.

Action taken: The average scale of all the teachers teaching F.Y.B.Sc. computer ranges between 2 to 3 which respond for good. It means all the teachers has the

ability to generate course material but no teacher has the scale between 3 to 4 i.e. very good. So action taken committee advise to all the teachers that they should work hard and enhance the use of course material.

Parameter 6: Ability to integrate content with other courses

Action taken: The average scale of all the teachers of F.Y.B.Sc. computer shows the scale between 2 to 3 which denotes the average response is good for this parameter. No teacher has the scale between 3 to 4 i.e. very good, Asst. prof. Anil Jagdale has the lowest scale So action taken committee advise him that he should integrate the content with other courses.

Parameter 7: Accessibility of teacher in and out of the class

Action taken: The average scale of all the teachers of F.Y.B.Sc. computer shows the scale between 2 to 3 which denotes the average response is good for this parameter. No teacher has the scale between 3 to 4 i.e. very good, So it is important and advisory by action taken committee and advised all teachers teaching F.Y.B.Sc. computer to increase their accessibility and to increase their communication with the students in and out of the class.

Parameter 8: Ability to design quizzes/tests/assignments/examination and projects to evaluate students understanding of the course.

Action taken: The average scale of all the teachers with all the course is between 2 to 3 which is respond as good. No teacher has the scale between 3 to 4 i.e. very good, So it is important and advisory to all the teachers teaching F.Y.B.Sc. computer to increase their ability to design the test /assignments etc.

Parameter 9: Provision of sufficient time for feedback

Action taken: The average scale of Student of F.Y.B.Sc. computer responded feedback for all the teachers and courses is between 2 to 3 which is good. No teacher has the scale between 3 to 4 i.e. very good Action taken committee advised to all the teachers to offer sufficient time for feedback.

Parameter 10: Overall rating

Action taken: The average for overall rating of all the teachers of F.Y.B.Sc. computer with all the courses has scale between 2 to 3 which respond as good. No teacher has the scale between 3 to 4 i.e. very good, So it is important to take some efforts so that overall rating will be appreciated.

S.Y. B.Sc. Biotech

Parameter 1: Knowledge base of teacher(as provided by you)

Action taken: S.Y. B.Sc. Biotech student response for the “The Knowledge base of teachers” for all courses shows the scale between 2 to 3 i.e the response is good for all the teachers except Asst prof. Sarita patil whose knowledge base is very good (ie has the scale between 3 to 4) which is appreciated by the action taken committee while remaining teachers are advised to increase their knowledge .

Parameter 2: Communication skills

Action taken: The average response of students of S.Y. B.Sc. biotech for all the subject is between the scale 2 to 3 which shows the response is good. The teachers teaching botany has the lowest scale both the teachers are told to improve their communication skills.

Parameter 3: Sincerity / commitment of the teacher

Action taken: The average scale of this parameter for all subject teachers teaching S.Y. B.Sc.biotech is in between 2 to 3 (Good response). All the teachers are advice by the action taken committee to be more sincere and honest about their work and promises.

Parameter 4: Interest generated by the teacher

Action taken: The average scale of this parameter for all subject teachers teaching S.Y. B.Sc.biotech is in between 2 to 3 (Good response). Only Dr. Anjali Mahajan shows the point scale between 3 to 4 which respond Very good while the remaining teacher shows the point scale between 2 to 3 which response good. The committee appreciate Dr. Anjali Mahajan while remaining are advised to use the teaching aids so that more interest of student will be generated.

Parameter 5: Ability to generate course material with environment/ other issues to provide a broader perspective.

Action taken: The average scale of all the teachers teaching S.Y.B.Sc. biotech ranges between 2 to 3 which respond for good. It means all the teachers has the

ability to generate course material but no teacher has the scale between 3 to 4 i.e. very good. Dr. Deepali Gawande has the lowest scale action taken committee advice her to work hard and enhance the use of course material.

Parameter 6: Ability to integrate content with other courses

Action taken: The average scale of all the teachers of S.Y.B.Sc. biotech shows the scale between 2 to 3 which denotes the average response is good for this parameter. Only Dr. Anjali Mahajan has got the scale range between 3 to 4 which indicate she has very good ability to integrate content with other courses which is appreciated by the action taken committee and the remaining teachers are advice to integrate the content with other courses.

Parameter 7: Accessibility of teacher in and out of the class

Action taken: The average scale of all the teachers of S.Y.B.Sc. biotech shows the scale between 2 to 3 which denotes the average response is good for this parameter. Asst. prof. Dr. D.M. Gawande has the lowest scale (2.29) action taken committee strongly advised her to increase their accessibility and to increase their communication with the students in and out of the class.

Parameter 8: Ability to design quizzes/tests/assignments/examination and projects to evaluate students understanding of the course.

Action taken: The average scale of S.Y.B.Sc. Biotech all the teachers with all the course is between 2 to 3 which is respond as good. Only Dr. A.K. Mahajan have very good response, action taken committee appreciate her while remaining teachers are told to increase their ability to design the test /assignments etc.

Parameter 9: Provision of sufficient time for feedback

Action taken: The average scale of Student of S.Y.B.Sc. biotech responded feedback for all the teachers and courses is between 2 to 3 which is good. Dr. D. M. Gawande has scale between 1.5 to 2 which respond satisfactory Action taken committee suddenly advised her to give sufficient time for feedback.

Parameter 10: Overall rating

Action taken: The average for overall rating of all the teachers of S.Y.B.Sc. biotech with all the courses has scale between 2 to 3 which respond as good. Only one teacher has the scale between 3 to 4 which respond as very good it means overall teaching parameters of one teacher from 1 to 9 is very good which is really appreciable while remaining four are good so these teachers are advise to take some efforts so that overall rating will be appreciated.

S.Y. B.Sc. computer

Parameter 1: Knowledge base of teacher(as provided by you)

Action taken: S.Y. B.Sc. computer student response for the “The Knowledge base of teachers” for all courses shows the scale between 2 to 3 i.e the response is good for all the teachers. The knowledge base of Asst. prof Anil Jagdale is very good which is appreciated by Action taken committee while reaming teachers are advised to increase their knowledge .

Parameter 2: Communication skills

Action taken: The average response of students of S.Y. B.Sc. computer for all the subject is between the scale 2 to 3 which shows the response is good. action taken committee advised all teachers to improve their communication skills.

Parameter 3: Sincerity / commitment of the teacher

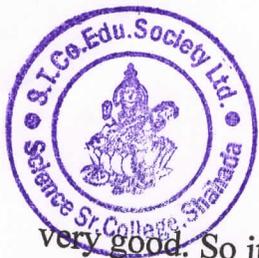

Action taken: The average scale of this parameter for all subject teachers teaching S.Y. B.Sc.computer is in between 2 to 3 (Good response). All the teachers are advice to be more sincere and honest about their work and promises.

Parameter 4: Interest generated by the teacher

Action taken: The average scale of this parameter for all subject teachers teaching S.Y. B.Sc.computer is in between 2 to 3 (Good response). No teachers of S.Y. B.Sc. computer shows the point scale between 3 to 4 which respond Very good so action taken committee advised all teachers to use the teaching aids so that more interest of student will be generated.

Parameter 5: Ability to generate course material with environment/ other issues to provide a broader perspective.

Action taken: The average scale of all the teachers teaching S.Y.B.Sc. computer ranges between 2 to 3 which respond for good. Asst prof R. G. Khedkar and P.N. Chaudhari has lowest scale action taken committee advised them to work hard and enhance the use of course material.

very good. So it is important and advisory to all the teachers that they should work hard and enhance the use of course material.

Parameter 6: Ability to integrate content with other courses

Action taken: The average scale of all the teachers of T.Y.B.Sc. computer shows the scale between 2 to 3 which denotes the average response is good for this parameter. No teacher got the scale range between 3 to 4 which indicate that teacher has very good ability to integrate content with other courses so action taken committee suggest all teachers to integrate the content with other courses.

Parameter 7: Accessibility of teacher in and out of the class

Action taken: The average scale of all the teachers of T.Y.B.Sc. computer shows the scale between 2 to 3 which denotes the average response is good for this parameter. All the teachers of T.Y.B.Sc. computer are told to increase their accessibility and to increase their communication with the students in and out of the class.

Parameter 8: Ability to design quizzes/tests/assignments/examination and projects to evaluate students understanding of the course.

Action taken: The average scale of T.Y.B.Sc.computer all the teachers with all the course is between 2 to 3 which is respond as good. No one teachers have very good response, scale is between 3 to 4 means their ability to design quizzes / test/ exam is very good so all teachers are told to increase their ability to design the test /assignments etc.

Parameter 9: Provision of sufficient time for feedback

Action taken: The average scale of Student of T.Y.B.Sc. computer responded feedback for all the teachers and courses is between 2 to 3 which is good. All the teachers has to give sufficient time for feedback so as to take a proper action. All the teachers are advised by action taken committee to give sufficient time.

Parameter 10: Overall rating

Action taken: The average for overall rating of all the teachers of T.Y.B.Sc. compute with all the courses has scale between 2 to 3 which respond as good. No one teacher has the scale between 3 to 4 which respond as very good so action taken committee advised all the teachers to take some efforts and work hard so that overall rating will be improved to very good.

T.Y. B.Sc. Biotech

Parameter 1: Knowledge base of teacher(as provided by you)

Action taken: T.Y. B.Sc. biotech student response for the “The Knowledge base of teachers” for all courses shows the scale between 2 to 3 i.e the response is good for all the teachers. Asst. prof Kishor Patel has lowest scale (2.35) action taken committee advised him to to increase their knowledge .

Parameter 2: Communication skills

Action taken: The average response of students of T.Y. B.Sc. biotech for all the subject is between the scale 2 to 3 which shows the response is good. Asst prof. Kishor patel and Vaishali Mahale has lowest scale these teachers has not so nice skill of communication so action taken committee advised him to improve their communication skills.

Parameter 3: Sincerity / commitment of the teacher

Action taken: The average scale of this parameter for all subject teachers teaching T.Y. B.Sc.biotech is in between 2 to 3 (Good response). All the teachers are advice by the action taken committee to be more sincere and honest about their work and promises.

Parameter 4: Interest generated by the teacher

Action taken: The average scale of this parameter for all subject teachers teaching T.Y. B.Sc.biotech is in between 2 to 3 (Good response). No teachers of T.Y. B.Sc. biotech shows the point scale between 3 to 4 which respond Very good so all teachers are advised to use the teaching aids so that more interest of student will be generated.

Parameter 5: Ability to generate course material with environment/ other issues to provide a broader perspective.

Action taken: The average scale of all the teachers teaching T.Y.B.Sc. biotech ranges between 2 to 3 which respond for good. It means all the teachers has good ability to generate course material but action taken committee found that no

teacher has the scale between 3 to 4 i.e. very good so they are advised to work hard and enhance the use of course material.

Parameter 6: Ability to integrate content with other courses

Action taken: The average scale of all the teachers of T.Y.B.Sc. biotech shows the scale between 2 to 3 which denotes the average response is good for this parameter. No teacher got the scale range between 3 to 4 which indicate that teacher has very good ability to integrate content with other courses so all teachers are advice to integrate the content with other courses.

Parameter 7: Accessibility of teacher in and out of the class

Action taken: The average scale of all the teachers of T.Y.B.Sc. biotech shows the scale between 2 to 3 which denotes the average response is good for this parameter. Only Asst. prof. Sandeep Marathe got the scale range between 3 to 4 which indicate that teacher has very good and action taken committee appreciate him and advice remaining to increase their accessibility in and out of the class.

Parameter 8: Ability to design quizzes/tests/assignments/examination and projects to evaluate students understanding of the course.

Action taken: The average scale of T.Y.B.Sc.biotech all the teachers with all the course is between 2 to 3 which is respond as good. No one teachers have very good response so all teachers are told to increase their ability to design the test /assignments etc.

Parameter 9: Provision of sufficient time for feedback

Action taken: The average scale of Student of T.Y.B.Sc. biotech responded feedback for all the teachers and courses is between 2 to 3 which is good. No teachers has scale between 3 to 4 which respond very good so all teachers are advised to give sufficient time for feedback.

Parameter 10: Overall rating

Action taken: The average for overall rating of all the teachers of T.Y.B.Sc. biotech with all the courses has scale between 2 to 3 which respond as good. The overall teaching parameter should be very good and for that purpose all the teachers have to complete the lacuna in their teaching. The action taken committee strongly advised to all the teachers to work hard.

T.Y. B.Sc. computer

Parameter 1: Knowledge base of teacher(as provided by you)

Action taken: T.Y. B.Sc. computer student response for the “The Knowledge base of teachers” for all courses shows the scale between 2 to 3 i.e the response is good for all the teachers. Not a single teacher has the scale between 3 to 4 i.e. very good so Action taken committee advised to all the teachers to increase their knowledge .

Parameter 2: Communication skills

Action taken: The average response of students of T.Y. B.Sc. computer for all the subject is between the scale 2 to 3 which shows the response is good. All teachers of S.Y.B.Sc. computer has scale between 2 to 3 which respond for good . Not a single teacher has the scale between 3 to 4 i.e. very good so Action taken committee advised to all the teachers to improve their communication skills.

Parameter 3: Sincerity / commitment of the teacher

Action taken: The average scale of this parameter for all subject teachers teaching T.Y. B.Sc.computer is in between 2 to 3 (Good response). The action taken committee advise all the teachers to be more sincere and honest about their work and promises.

Parameter 4: Interest generated by the teacher

Action taken: The average scale of this parameter for all subject teachers teaching T.Y. B.Sc.computer is in between 2 to 3 (Good response). No teachers of T.Y. B.Sc. computer shows the point scale between 3 to 4 which respond Very good so all teachers are advised to use the teaching aids so that more interest of student will be generated.

Parameter 5: Ability to generate course material with environment/ other issues to provide a broader perspective.

Action taken: The average scale of all the teachers teaching T.Y.B.Sc. computer ranges between 2 to 3 which respond for good. It means all the teachers has good ability to generate course material but no teacher has the scale between 3 to 4 i.e.

Parameter 6: Ability to integrate content with other courses

Action taken: The average scale of all the teachers of S.Y.B.Sc. computer shows the scale between 2 to 3 which denotes the average response is good for this parameter. No teacher got the scale range between 3 to 4 indicating very good so action taken committee advised all the teachers to integrate the content with other courses.

Parameter 7: Accessibility of teacher in and out of the class

Action taken: The average scale of all the teachers of S.Y.B.Sc. computer shows the scale between 2 to 3 which denotes the average response is good for this parameter. All the teachers are advise by the committee increase their accessibility and to increase their communication with the students in and out of the class.

Parameter 8: Ability to design quizzes/tests/assignments/examination and projects to evaluate students understanding of the course.

Action taken: The average scale of S.Y.B.Sc.computer all the teachers with all the course is between 2 to 3 which is respond as good. Not a single teacher has very good response all the teachers are advised by the action taken to increase their ability to design the test /assignments etc.

Parameter 9: Provision of sufficient time for feedback

Action taken: The average scale of Student of S.Y.B.Sc. computer responded feedback for all the teachers and courses is between 2 to 3 which is good. No teachers has scale between 3 to 4 which respond very good so action taken committee advised all teachers to give sufficient time for feedback.

Parameter 10: Overall rating

Action taken: The average for overall rating of all the teachers of S.Y.B.Sc. compute with all the courses has scale between 2 to 3 which respond as good. No one teacher has the scale between 3 to 4 which respond as very good. This was strongly observed by the committee so all teachers are advise to take some efforts so that overall rating will be improved to very good.

M.Sc.I computer

Parameter 1: Knowledge base of teacher(as provided by you)

Action taken: M.Sc.I. computer student response for the “The Knowledge base of teachers” for all courses shows the scale between 2 to 3 i.e the response is good for all the teachers. The action taken committee advised the teachers to increase their knowledge .

Parameter 2: Communication skills

Action taken: The average response of students of M.Sc.I. computer for all the subject is between the scale 2 to 3 which shows the response is good. Asst prof Sonali Patil has the lowest scale the action taken committee advised her to develop the communication skills.

Parameter 3: Sincerity / commitment of the teacher

Action taken: The average scale of this parameter for all subject teachers teaching M.Sc.I. computer is in between 2 to 3 (Good response). Not a single teacher has scale between 3 to 4 which is very good so action taken committee advised all teachers to be more sincere and honest about their work and promises.

Parameter 4: Interest generated by the teacher

Action taken: The average scale of this parameter for all subject teachers teaching M.Sc.I. computer is in between 2 to 3 (Good response). No teacher has scale between 3 to 4 which is very good so all teachers are advised to use the teaching aids so that more interest of student will be generated.

Parameter 5: Ability to generate course material with environment/ other issues to provide a broader perspective.

Action taken: The average scale of all the teachers teaching M.Sc.I. computer ranges between 2 to 3 which respond for very good. It means all the teachers has good ability to generate course material but no teacher has scale between 3 to 4 so all the teachers are advise by the committee to generate course material.

Parameter 6: Ability to integrate content with other courses

Action taken: The average scale of all the teachers of M.Sc.I. computer shows the scale between 2 to 3 which denotes the average response is good for this parameter. Asst. prof Pravin patil and Sonali patil has low scale and the action taken committee suggest to improve the ability to integrate the content.

Parameter 7: Accessibility of teacher in and out of the class

Action taken: The average scale of all the teachers of M.Sc.I. computer shows the scale between 3 to 4 which denotes the average response is very good for this parameter. No teacher got the scale range between 2 to 3 which indicate that all teacher has very good accessibility so all the teachers of M.Sc.I. are appreciated by the committee.

Parameter 8: Ability to design quizzes/tests/assignments/examination and projects to evaluate students understanding of the course.

Action taken: The average scale of M.Sc.I. computer all the teachers with all the course is between 2 to 3 which is respond as good. Action taken committee advised teachers to increase their ability to design the test /assignments etc.

Parameter 9: Provision of sufficient time for feedback

Action taken: The average scale of Student of M.Sc.I computer responded feedback for all the teachers and courses is between 2 to 3 which is good. No teachers has scale between 3 to 4 which respond very good so all teachers are advised by the action taken committee to give sufficient time for feedback.

Parameter 10: Overall rating

Action taken: The average for overall rating of all the teachers of M.Sc.I computre with all the courses has scale between 2 to 3 which respond as good, no teacher has scale between 3 to 4 i.e. very good so all the teacher are advise by the committee to improve overall rating.

M.Sc.I I computer

Parameter 1: Knowledge base of teacher(as provided by you)

Action taken: The average response for the “The Knowledge base of teachers” for all courses shows the scale between 2 to 3 i.e the response is good for all the teachers. But the action taken committee advised all teachers to be very good so that they will be appreciated.

Parameter 2: Communication skills

Action taken: The average response of students of M.Sc.II. computer for all the subject is between the scale 2 to 3 which shows the response is good. The committee advised all teacher of M.Sc.II. computer to improve the communication skills.

Parameter 3: Sincerity / commitment of the teacher

Action taken: The average scale of this parameter for all subject teachers teaching M.Sc.II. computer is in between 2 to 3 (Good response). All the teachers are advised by the committee to be more sincere and honest about their work and promises.

Parameter 4: Interest generated by the teacher

Action taken: The average scale of this parameter for all subject teachers teaching M.Sc.II. computer is in between 3 to 4 (V. Good response). Only one teacher Asst. prof. Gayatri Patil has lowest scale (2.8) she is advised to use the teaching aids so that more interest of student will be generated.

Parameter 5: Ability to generate course material with environment/ other issues to provide a broader perspective.

Action taken: The average scale of all the teachers teaching M.Sc.II. computer ranges between 3 to 4 which respond for very good. It means all the teachers has very good ability to generate course material the action taken committee tolds their work is appreciable

Parameter 6: Ability to integrate content with other courses

Action taken: The average scale of all the teachers of M.Sc.II. computer shows the scale between 3 to 4 which denotes the average response is very good for this parameter, all the teachers has very good ability to integrate content with other courses so all teachers are appreciable.

Parameter 7: Accessibility of teacher in and out of the class

Action taken: The average scale of all the teachers of M.Sc.II. computer shows the scale between 3 to 4 which denotes the average response is very good for this parameter. No teacher got the scale range between 2 to 3 which indicate that all teacher has very good accessibility so all the teachers are appreciated by the action taken committee.

Parameter 8: Ability to design quizzes/tests/assignments/examination and projects to evaluate students understanding of the course.

Action taken: The average scale of all the teachers with all the course is between 2 to 3 which is respond as good. teachers have very good response, scale is between 3 to 4 means their ability to design quizzes / test/ exam is very good so all teachers except one are told to increase their ability to design the test /assignments etc.

Parameter 9: Provision of sufficient time for feedback

Action taken: The average scale of Student of M.Sc.II computer responded feedback for all the teachers and courses is between 2 to 3 which is good. Asst prof. Gayatri patil teachers has scale between 3 to 4 which respond very good so all teachers except the Gayatri Patil are advised to give sufficient time for feedback.

Parameter 10: Overall rating

Action taken: The average for overall rating of all the teachers of M.Sc.II computre with all the courses has scale between 3 to 4 which respond as very good, all the teacher has appreciable overall rating. The committee appreciated the work of all teachers.
