शाळा बाह्य विद्यार्थी सर्वेक्षण

(Outside School Student Serve)

After independence there is increasing awareness about the education. Although after 60 years of independence only Kerala state is 100% literate. In education system there is also the problem of students who are out of school. To decrease this percentage of students who just not entering in schools government continuously launching different schemes like free meal, milk, books and notebooks in school. Besides that it has been noted there is not complete success to attract children in schools

To analyze this educational issue S.T. Co-Op Education Society's Science Senior College, Shahada planned to have survey of the families who are not wish to send their children in schools In this study many volunteer 80 students from college visited many houses in rural areas under guidance of Z.P.Primary School's Head Master and staff of Prakasha village, Asst.Prof. Bhushan Nikam Sir and Asst. Prof. Harshal Khairnar madam. There was very few students was very negligible percentage of children from middle class and higher class families who not entered in schools. This percentage increased in case of poor families. Following students were identified in these families.

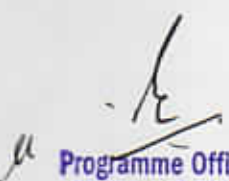

Student Name	Age	Parents Occupation
Sunanda Raju Khalte	7 years	Sugarcane Chopping
Ajay Vinod Padvi	14 years	Sugarcane Chopping
Laxmi Ramsing Barde	14 years	Sugarcane Chopping
Ajay Kishor Bhil	14 years	Household work

The poor families mainly consists of workers doing work of sugarcane chopping. There were several economic, social reasons behind increasing percentage of these children in poor families. The analysis further extension of study has been done with gender consideration. It has

673

been noted that in 21st century also in rural area females are not considered to go in school in poor families. One of the main reason behind this issue is lack of awareness about power of education and opportunities for literate person. These volunteers discussed with these families while making survey and encouraged them to send their child to the school. The findings were handed over to the Z.P.Primary School's Head Master of Prakasha village with probable solutions.

These Efforts were cherished by S.T.Co-Op Education Society's Chairman Honorable Tatyasaheb Motila Fakira Patil, Management and Principal Nayana Kulkarni Madam.

Reading is the best practice to increase thinking level and personality development. Many times due to economical condition of a youth it is not possible everyone to buy a book and read. In India there are some higher classes, with the help from them it may be possible to fulfill hunger of reading. This is an innovative initiative to collect old books and use them to enhance reading culture.

In this regards volunteers from S.T.Co-Op Education Society's Science Senior College, Shahada went to college, our sister institutes, nearby Schools, colleges and colony areas to collect old books. Many peoples cherished these efforts and actively participated in this activity, so this activity got impressive output. With this initiative total 2028 books approximate cost of 2,45,970/- were collected. In this initiative people's donated different curriculum related books, inspiring biographies and books required for competitive examination. These books will be used to develop a well-organized library and reading room.

In this activity 70 volunteers were worked under the guidance of faculties from S.T. Co-Op Education Society's Science Senior College, Shahada. Management and citizens appreciated these determinations for enhancing reading culture.
