### (Cluster Of Grain)

India got independence before 70 years although there was not equal distribution of wealth in population. There are many reasons behind it. Besides that every citizen should keep in mind that we are leaving in civilized country so it's our responsibility to give helping hands for poor peoples who are struggling for basic needs like food, shelter and cloths. As an educational institute it's our duty to cultivate this thought in students.

Keeping this social aspect in mind S.T.Co-Op. Education Society's Science Senior College, Shahada accomplished a program named **Cluster Of Grain** with the help of students. In this 70 volunteer students first make survey of sampled area with their employment opportunities and there food requirement. They concluded that due to illiteracy and deficiency in skills many families were suffering for employment. To take social responsibility and help these poor families it was decided to execute activity **Cluster Of Grain**. In this activity volunteer students went to colonial areas to collect grains like wheat and rice from 24<sup>th</sup> September 2016 to 28<sup>th</sup> September 2016. Here students convinced peoples that how their small help may be useful for bring 1 time meal in poor families. Many citizens noticed this passion of students about poor families and they involved in this activity by donating grains. In this program volunteers students collected near about 1 quintal wheat and 1 quintal rice. This was distributed in slum areas. The motto of issue like hunger in slum areas was introduced in students successfully.

This activity was appreciated by S.T.Co-Op. Education Society's chairman Honorable Tatyasaheb Motilal Fakira Patil. He gave words of praise to the volunteer students and faculties coordinating this activity. Asst. Prof. Sonali Patil madam gives the details about this program in her vote of thanks speech.

### Blood group detection Camp

Blood group detection is necessary as in case of medical emergency required a blood replacement urgently, it helps doctors know your blood type beforehand as this can save valuable minutes. Besides that one may get an incompatible blood type, it could cause cells to clump, which is a life-threatening condition. It's also helpful to know the blood types of family members so in case of emergency of blood necessary help should be available. In tribal area like Shahada youth are not aware about the importance of blood group identification.

By keeping this thing in mind, S.T.Co-Op. Education Society's Science Senior College, Shahada arranged a blood group detection camp for students on 28<sup>th</sup> September 2016. In this camp near about 73 students were participated. This program was inaugurated by Honorable Dadasaheb Abhijeet Patil at 9 AM. He had friendly talk with students in which he elaborated the aim behind this activity. He mentioned many medical conditions where blood plays the important role. He appreciated efforts taken by staff of S.T.Co-Op. Education Society's Science Senior College, Shahada. Asst. Prof. Sonali Patil madam concluded the camp activity in her vote of thanks speech. She was thankful to Management, Lab technicians, staff of S.T.Co-Op. Education Society's Science Senior College, Shahada, Volunteer students and our sister organization S.N.D.T. Woman's College, Shahada for their kind support in this activity.

**Programme Name:-Cloths Donation Programme**

A programme for cloths donation to poor people is organized by the students of our college. The programme was conducted 15<sup>th</sup> January 2017. We collect the clothe from students that are not usable by them. This programme was organized and conducted by Computer Science department. Donation clothes are an essential and transparent way of donation as well as to help needy and poor peoples. Because many people realize that it developed student's moral and social responsibility about poor and needy peoples. This programme is successfully conducted with the help of computer department faculty members and students. When students go in front of poor people and saw the need of cloths and other needy things of that people. The students are satisfied and happy after this donation of cloths. The 29 Msc computer science students are actively participated in this event. They realize that if you help poor people God will help you! They motivate other students to help poor and needy peoples.

This event is really great experience for all teacher and students of computer science department.
